

Hinton Parish Planning meeting 30th Jan 2012

Moving forward.

Dear All

Many thanks for giving up your time to attend our first Hinton/Hamfallow Parish plan meeting. It was really good to see such a fantastic turnout, most of whom knew each other already and the few whom we hope to get to know much better in the future.

A big thank you to Ellin Tatersall from G.C.C. for the talk on Parish planning.

We hope you found it valuable and that the groups and individuals that attended will want to help us shape the plan. Please can you therefore in the next few weeks discuss the plan with your groups and the wider community on how you would like to be involved in the plan (Steering group, membership or other) as well as considering the key points your group or community wants to be considered, so that when we meet again on February 27th at 7.00pm at the Sharpness Village Hall, we are in a position to start agreeing the major themes for the plan.

We hope this second meeting and any further meetings can not only be constructive but enjoyable and therefore we intend that nibbles and beverages will be available on the evening.

We do really believe that this will be the start of a real community coming together, especially after the interest shown on the 30th Jan, and that this will have many other spinoffs outside the plan as we all get to know each other and our community better.

If you think of any groups or individuals who we have not considered but may have a point of view or something to offer the group then please contact either myself, Sam Paterson or Geoff Forward, who at this time should be your primary points of contact, (all contact details can be found on the attached contact sheet).

At the moment the following have identified there selves as potential steering group candidates; however we are looking for many more.

Sam Paterson. Hinton Parish Council.

Geoff Forward. Hinton Parish Council.

James Marklove. Sharpness A.F.C.

Tad Stone. Purton big society.

Steve Chandler. Hamfallow P.C.

We have also had an Idea put forward as a first community event, for a celebration party for the Queens Diamond jubilee.

should anyone else have any ideas for community led gatherings please don't hesitate to convey them to the meetings.

Other documents attached include.

- **Contact sheet as of 30th Jan meeting.**
- **Minutes of meeting held 30th Jan.**

Once again many thanks for your attendance and interest on the 30th Jan.

Sam Paterson and Geoff forward.

Hinton Parish Council.
